

A terminal disclaimer is not necessary in this application in view of an amendment to copending U.S. Serial No. 016,673 in which all claims not specifically limited to ungulate hormones have been cancelled. These ungulate claims are patentably distinct from the human claims of the present invention and neither set of claims is obvious over the other.

Accordingly, it is submitted that the claims are now in condition for allowance, and a notice to that effect is respectfully requested. Please charge any fee to our Deposit Account No. 06-1050.

Respectfully submitted,
